INSTITUTIONAL GRANTS AND SCHOLARSHIPS:

Alumni Grant & Alumni Transfer Credit (revised Feb 12, 2018)

One objective of Franklin Academy's Mission is to find ways that make higher education more affordable for more students. With this in mind, Franklin Academy is pleased to offer 2 options: First, an Alumni Grant of \$2475 is offered to Franklin Academy graduates. This grant applies towards the tuition of the second program at the completion of the program. The second option allows Franklin Academy's graduates transfer credit of 150 hours towards the total clock hours of the second program, reducing the tuition by an additional \$1650, as well as, reducing the total time required to complete the second program. These two options are available to all Franklin Academy graduates; provide a total savings of \$4125, which equates to one half of the tuition cost of the Aesthetics program.

****Note:** Dual enrollment is not available at Franklin Academy.

Graduate must complete the new program to receive the Alumni Grant of \$2475. If the graduate leaves the program before completion, they will not be awarded the Grant.

Unexpected School Closing Grant

Students who were attending another school who suddenly/unexpectedly close may qualify for a grant at Franklin Academy based on hours completed at previous school. Grant amounts are as follows:

Professionalism Scholarship Program

All Franklin Academy active students are eligible to receive a professionalism scholarship upon graduation. This scholarship is focused on fostering the professional skill sets required to sustain success in the beauty industry. Active students will have their salon and spa activity tracked on a monthly basis. As their activity level increases, so does the scholarship amount given to them at graduation. For specific activity levels, see the executive director or program instructor.

For Cosmo students, levels are obtained by continuous activity for two months in a row. For Aesthetics and manicuring, meeting each metric of a scholarship level for a month, will allow the student to attempt to meet the next level of the Professionalism Scholarship Program. The scholarship amount awarded will be based on the highest level completed (not all levels combined). The scholarship amount is awarded and applied to the student's ledger card only after the student meets all graduation requirements. Students are not able to skip any level. Levels range from \$250 up to \$2000.

If the student received any loans from the Title IV program, the scholarship will be applied to their Federal Loan Balance to reduce the debt taken on by the student. If no federal loans were received by the student, the scholarship will be applied to the students account to reduce any outstanding

balance. If no balance is outstanding, the scholarship amount is provided by check to the student within 10 days of meeting all graduation requirements.

The scholarship level of professionalism will also be noted on the student's transcript and conveyed to prospective employers of our graduates.

FINANCIAL AID INFORMATION

The following types of aid are available individually or in combination to those who qualify and must be applied for annually. Applications for federal programs are available in the Financial Aid office. Financial aid annual year is from July 1 to June 30.

Since aid received from any Department of Education assistance program must be used only for educational purposes, students must sign a “Statement of Education Purpose” saying that they use the money only for expenses related to attending school.

Federal Pell Grant

The eligibility for this award is computed primarily on the basis of student/parent income and assets, family size and number in academy. All students are encouraged to apply. The filing deadline for this award year is June 15 for new applications in the awarding period, which extends from July 1 to June 30.

Federal Stafford Loans

Federal STAFFORD Loans are low-interest loans made to students attending school at least half-time direct from the government. Loans are insured by the guaranty agency in each state and reinsured by the federal government. **YOU MUST REPAY THIS LOAN.** If you have a non-need-based Stafford, you have an “unsubsidized” Federal Stafford Loan, and you’ll be responsible for the interest during in-school and deferment periods. (The organization holding your loan may let the interest accumulate until you are out of school or until your deferment ends. Note, however, that the interest will be added to the principal, increasing the amount of principal you’ll have to repay.)

If you’re a DEPENDENT UNDERGRADUATE student you can borrow up to \$3,500, if you’re a first-year student enrolled in a program of study that is a full academic year. (At least 9 months in length) \$4,000 of this amount must be in unsubsidized Stafford Loans.)

For periods of study that are less than an academic year, the amounts you can borrow will be less than those above. Talk to the Financial Aid Department to find out how much you can borrow.

Your interest rate will be variable, no less than 4.25 percent, but no higher than 8.25 percent. Variable interest rates are set in June. The organization holding your loan will notify you or later interest rate changes. If your loan was first disbursed before July 1, 1994, check with the organization that holds your loan for the interest rate that applies to you.

NOTE – The amounts given are the maximums you can borrow. However, you can’t borrow more than the cost of attendance at your school minus any other financial aid you receive.

The chart below shows *estimated* monthly payments and total interest charges for 8.25 percent of loans of varying amounts, with typical repayment periods. Remember that 8.25 percent is the highest the interest rate will be for new loans. Your rate may be different.

TYPICAL REPAYMENT PLANS

Total Amount	Number of Payments	Monthly Payment	Interest Charges	Total Repaid
\$2,600	65	\$50.00	\$628.42	\$3,228.42
4,000	120	49.06	1,887.20	5,887.20
7,500	120	91.99	3,538.80	11,038.80
10,000	120	122.65	4,718.00	14,718.00
15,000	120	183.98	7,077.60	22,077.60

Federal Direct Loan Program

There are four types of Direct Loans:

- **Federal Direct Stafford/Ford Loans** – also called Direct Subsidized Loans. “Subsidized” means the federal government pays the interest on these loans while you are in school at least half-time and during grace periods and deferments (postponements of repayment). You have to demonstrate financial need to receive this type of loan.
- **Federal Direct Unsubsidized Loans** – also called Direct Unsubsidized loans. The federal government doesn’t pay the interest on these loans while you’re in school, in a grace period, or in deferment. You can get an Unsubsidized Loan regardless of financial need.
- **Federal Direct PLUS Loans** – for parents with good credit histories who want to borrow for their dependent students.
- **Federal Direct Consolidation Loans** – one or more federal education loans combined into a new Direct Loan. Only one monthly payment is made to the U.S. Department of Education.

If you want additional information, booklets are available in the Financial Aid Office on Direct Loan Programs.

Refund Distribution Policy for Federal Title IV Programs

Refund will be made as follows:

1. Unsubsidized Federal Direct Stafford Loan
2. Subsidized Federal Direct Stafford Loan
3. Federal Direct Plus Loan
4. Federal Pell Grant
5. Other SFA Programs
6. Other Federal, State, private or institutional sources of Aid

FUNDING EDUCATION BEYOND HIGH SCHOOL

“FUNDING EDUCATION BEYOND HIGH SCHOOL,” published by the United States Department of Education, is available for the student in the Financial Aid Office. This brochure contains specific information on students’ rights and responsibilities, eligibility, need, application deadlines, and detailed descriptions of the financial aid programs available.

Policies and Procedures for Verification

This School has developed the following Policies and Procedures regarding the verification of information provided by the applicants for Federal Aid under the Title IV Programs.

- 1) Only those students who are selected for verification by the Department of Education will be required to submit supporting documentation.
- 2) No PELL or Direct Loan funds will be disbursed prior to the completion of verification.
- 3) The School prior to the completion of verification will certify a Stafford Loan application. However, the student has 45 days from the time the check arrives at the institution to provide the necessary documentation. If not completed by that time the check will be returned to the lender.
- 4) The student will have 60 days after his/her last day of attendance or the end of the academic year whichever is earlier, to complete verification. However in the interim the student must have made arrangements with the academy for payment of all tuition and fees due or risk termination at the option of the academy. After 60 days, all Financial Aid that might have been due is forfeited.
- 5) All students will be notified on a timely basis if they have been selected for verification and supporting documentation that is required. The institution will use as its reference, the most recent verification guide supplied by the time parameters and the consequences of not completing the verification and any other documentation needed. The institution will assist the student in correcting any information that is inaccurate.
- 6) If the student provides inaccurate information on any application and refuses to correct same after being counseled by the institution, the academy must make a final decision and notify the Department of Education of the decision made.

Draft Registration

In order to receive Title IV aid, students must be registered for the draft if they are a male born on or after 01/06/92, at least 18 years of age, and not currently a member of the U.S. Armed Forces. Students must sign a certification of registration, and may be required to prove that they are registered.

RETURN OF TITLE IV FUNDS

(Students who withdrew on or after October 7, 2000)

The 1998 Higher Education Amendments, section 484B prescribes the amount of Title IV funds a student has earned at the time when a student ceases attendance and the amount of federal aid that has to be returned or disbursed. The amount earned is based on the amount of time the student was scheduled to attend. It is based on a proportional calculation through 60 percent of the payment period. Under these provisions, the calculation of the Title IV funds is not concerned with the refunding institutional charges.

If a recipient of Title IV grant or loan funds withdraws from an institution after beginning attendance, the institution must determine the amount of Title IV funds earned by the student. If the amount of Title IV grant or loan funds the student was disbursed is greater than the amount the student earned, unearned funds have to be returned. If the amount the student was disbursed is

less than the amount the student earned, the student is eligible to receive a post-withdrawal disbursement on the amount of the earned aid that the student had not received but was otherwise eligible for.

The percentage of the period completed is the number of clock hours scheduled in the payment period divided by the total number of clock hours in the same period.

Responsibility of a Student to Return Unearned Title IV, HEA Program Funds

The student is responsible for all unearned Title IV, HEA, program assistance that the institution is not required to return. A student's unearned grant funds are an overpayment and are subject to repayment. A student who owes an overpayment, as a result of withdrawal, will retain his or her eligibility for Title IV, HEA program funds for 45 days from the earlier of the date the institution was required to notify the student of the overpayment. If a student does not take the appropriate repayment action during this 45 day period, the student does not take the appropriate repayment action during this 45 day period, the student becomes ineligible on the 46th day and remains ineligible until the student re-establishes the student's eligibility.

Designated Office to Contact for Withdrawal

The student must contact the Director of the School to withdraw. The student should also meet with a Financial Aid officer to determine any financial liability created by withdrawal.

STANDARDS OF SATISFACTORY ACADEMIC PROGRESS

The following standards apply to **ALL STUDENTS**. Students receiving financial aid must be aware of how his/her progress can affect eligibility. All students must meet the minimum standards set forth below or they shall be deemed not making satisfactory progress and shall be ineligible to enroll as regular students.

A student's progress is evaluated each segment using the "Minimum Standards for Satisfactory Progress" shown on page 9. Students who fail to earn the required cumulative grade average and earned the required number of clock hours will be counseled and placed on ACADEMIC PROBATION. The probationary period extends through the next segment. While on probation, Title IV funds will be disbursed. At the end of the probationary segment, the student's cumulative grade average and clock hours earned are again reviewed using the "standards". If the student's average and clock hours earned equals or exceeds the required minimum, the student is removed from probation. If the student's average and clock hours earned is below the required minimum, the student will be deemed not making satisfactory progress as of the end of the segment, his/her Title IV financial aid will be terminated, and the student will be academically dismissed unless an appeal letter is submitted by the student to the Director, requesting a review of their status, if they feel that they have mitigating or extenuating circumstances. The appeal letter is reviewed by the Director, and then submitted to the Board of Directors for final decision making. If appeal is approved, student's Title IV financial aid will remain terminated and student's progress will be monitored according to student's plan of action stated in the appeal letter. At any point, the student does not comply with their plan of action; or student does not demonstrate improvement to the required minimum by the beginning of the next segment the student will then be academically dismissed.

To reestablish eligibility for reentry, a student must apply for readmission, have the approval of and counseling with the Director. The student will be placed on probation at time of reentry.

1. **REENTRY INTO THE SAME PROGRAM** – At the end of the first segment, if the student demonstrated improvement to the required minimum, (s)he will be removed from probation and will be eligible for the entire payment period in which (s)he reestablished eligibility. If (s)he has not reached the minimum requirement, the student will be academically dismissed and will not be eligible for readmission.
2. **REENTRY INTO A NEW PROGRAM** – The student enters as a "new" student with the exception of courses that transfer to new curriculum. Transfer credits will be limited to courses with grades of 85% or above. Only one curriculum change will be permitted.

Students who wish to appeal the determination that they are not maintaining satisfactory progress must submit a letter to the Director. The letter should describe any circumstances the student feels deserve further consideration, along with pertinent documentation. An appeal decision will be made and the student notified accordingly.

If the appeal is decided in the student’s favor, the probationary period will be extended for one segment and the Title IV funds will be disbursed. Decisions to any appeal will be provided prior to the next segment start.

Students with course incompletes, withdrawals, repetitions, those on a leave of absence, and those doing remedial work are considered to be making satisfactory progress and eligible to continue to receive financial aid if the following conditions are met:

1. The student is otherwise making satisfactory progress using the chart on page 9.
2. The time needed to make up and complete course work is within the program time frame.

Students must complete their program within a specified time frame. The maximum time frame is 1 ½ times the number of clock hours (weeks) required for his/her program study. A student at the School will, assuming all other eligibility criteria for payment of Title IV Student Financial Aid are met, be eligible to receive Title IV aid for a maximum of 1 ½ times the number of clock hours required for his/her program of study. The increment of measurement will be each segment. Satisfactory progress will not be measured for a new student until he/she has attempted one segment. Contact the Director for further explanation if needed.

- Student and a designated official from the academic department will sign each SAP report. The original is placed in the student’s file and a copy is given to each student.

ACADEMIC INFORMATION

Unit of Credit

Fifty minutes of theory or practical instruction equals one clock hour. An academic year consists of 900 clock hours.

Grading System

All examinations in the Cosmetology, Manicuring, Aesthetics, and Instructor programs, both theory and practical, will be assigned a numerical grade from 0–100, with 85% being passing.

Final Course Examinations

Prior to completion of all programs that the Academy offers, each student will successfully pass two final comprehensive examinations, before submission of appropriate materials to the Tennessee State Board of Cosmetology, requesting an examination for license. These examinations will represent a “mock” Tennessee State Board examination and will signify to the Institution that the student is prepared for the required examination for license. These comprehensive examinations required by the school are scheduled periodically, and a student may take the examination when scheduled following the Tennessee State Board Review Examination class. Cosmetologists will be scheduled upon completion of 1000 hours. Manicurists will be scheduled upon completion of 300 hours. Aesthetics will be scheduled upon completion of 375 hours, and Instructor Trainees will be scheduled upon completion of 150 hours.

Privacy Rights of Students

Confidentiality is maintained according to the Family Education Rights and Privacy Act of 1974, otherwise known as the Buckley Amendment.

Change of Program

Reasons for changing a program choice must be presented to the Director. A request for a change of program will be approved if the student is capable of showing success within another program. The Financial Aid Department must determine if financial aid is available for the program change.

Course Cancellation

The Academy reserves the right to cancel any classes that do not have a minimum number of students enrolled. The School will notify the student by letter or telephone call.

Attendance Policy

Attendance must be regular to benefit from the program you have chosen. Students are expected to arrive for classes at their scheduled time prepared to perform. Students may be dismissed for the day if they are unprepared due to lack of proper attire or equipment. Professional conduct and regular class attendance is expected. Failure to comply will result in dismissal.

Minimum Attendance Required per Program:

Cosmetology

Students enrolled in the Cosmetology program are required to meet the first segment of 450 hours within 22.5 weeks from class Begin Date, Second segment of 900 hours

within 45 weeks from class Begin Date, Third segment of 1200 hours within 60 weeks of enrollment, and the last segment of 1500 hours within 75 weeks from class Begin Date.

Leave of Absence

The School recognizes that personal situations may arise which may require an extended period to resolve. It would not be advantageous to the student to maintain enrollment when conflicting pressures prevent regular attendance.

A student must submit a Request for Leave of Absence form, available in the office of the Director. A leave of absence instead of a formal withdrawal indicates that the student sincerely intends to resume his/her education at a specified time. A Leave of Absence can be granted for up to 60 days during an academic year. A student may request an extension if more time is needed over the original 60 day leave of absence.

Graduation Requirements

Requirements for graduation from the Cosmetology, Manicuring, Aesthetics, and Instructor programs include completion of hours and services as specified by the State and the School, completion of tuition payments, and average passing grade (85% or above) on file for all school tests including the School final “mock examination”. During the scheduled “mock examination” the student is expected to see the Lead Instructor regarding the appropriate filing of the State Board application for license examination.
